	Sandy's painting career has included painting and teaching in local, interstate and overseas venues. She has won numerous awards for watercolour in WA. Her subjects include landscapes, beach scenes, buildings, cityscapes and flowers. Sandy's method of painting is to lightly sketch the subject then apply watercolour colour in patches to capture the light of the scene. Thin washes are applied in layers to build up volume.	Judy was born in Budapest, Hungary and moved to Perth in 1995. She is currently the curator for the blend(er) gallery. Judy has been involved in numerous exhibitions. The story behind these pictures is the exhausting saga of being a teenager today, the daily battles with self image and the narrative of growing up. Judy wanted to portray strength and vulnerability, knowledge and innocence. The boards were carefully selected for their grain patterns not just to coexist with the artwork, but to emphasise the topic.		"It's nice. It's different. It's unusual." words immortalised by <i>Kath and Kim</i> , are the essence of Jane's creativity. After years of dabbling in every conceivable craft possible, 1999 emerged as the most defining artistic moment of her life, winning the Best Overall Artist at the Women of the Northwest Multit-Arts Award. Jane established 'Funky Lady' mosaics and now she has a desire to try something new – abstract painting. Nine months later: "I've got one word to say to you – loving it!"
